Kable Academy Mission

Kable Academy seeks to enhance the technical skill of its students through the use of technology, an immersive learning methodology, collaboration, communication and creativity that prepares them for a job in technology upon graduation.

General Information

Kable Academy is a Cybersecurity training academy that teaches in demand tech skills using the most relevant and industry guided curriculum through an immersive 12-Week/24-week learning model taught by industry professionals and experienced instructors.

Kable Academy Vision

The Kable Academy seeks to make a positive impact on both the tech and social sectors of the Greater Cincinnati Area.

Social Sector Impact

Elevating the underemployed unemployed

Breaking down barriers to entry in the IT sector

Creating diversification in the tech sector

Strengthen the middle class

Decrease reliance on government assistance

Increase individual independence

Providing alternative education pathways

Tech Sector Impact

Curb the demand for tech talent

Make Ohio appealing for tech expansion

Fill the tech talent gap

■ 2026 Course Dates

Cybersecurity, Full-Time:

Winter I Classes: December 1st, 2025 - February 27th, 2026

Winter II Classes: January 20th, 2026 - April 10th, 2026

Spring I Classes: March 3rd, 2026 - May 22nd, 2026

Spring II Classes: April 14th, 2026 - July 3rd, 2026

Summer I Classes: May 26th, 2026 - August 14th, 2026

Summer II Classes: May 26th, 2026 - September 25th, 2026

Fall I Classes: August 18th, 2026 - November 6th, 2026

Fall II Classes: September 29th, 2026 - December 18th, 2026

Cybersecurity, Part-Time:

Winter Classes: January 20st, 2026 - July 3rd, 2026

Spring Classes: April 14th, 2026 - September 23rd, 2026

Summer Classes: July 7th, 2026 - December 18th, 2026

Fall Classes: September 29th, 2026 - March 12th, 2027

Kable Academy Scheduled Holidays:

New Years, January 1st, 2026

Martin Luther King Day, January 19th, 2026

Memorial Day, May 25th, 2026

Juneteenth, June 19th, 2026

Independence Day, July 4th, 2026

Labor Day, September 7th, 2026

Veteran's Day, November 11th, 2026

Thanksgiving, November 26-27th, 2026

Christmas, Week of December 25th, 2026

*Enrollment must be completed at least 1 business day before the first day of class.

Administrators & Tuition

The Kable Academy Admissions Team is available to help you through the assessment, admissions, financial and enrollment process.

The team can also assist you with:

- Assessing your technical aptitude and fit for a Kable Academy program
- Determining which program is the right for your interest and career goals
- Completing your application process
- Program financing options

To talk with one of our Admissions Representatives, please email helshamy@thekablegroup.com or nkrukowski@thekablegroup.com

We don't transfer credits from previous training or experience.

Our classes will not transfer as credit hours with other institutions.

Tuition Amount

Total Cost

\$12,500

*Tuition payment in full is due prior to the first day of class

***Act Fact Scholarship:** Complete application within 15 days and receive \$1,500 off of tuition.

Cancellation & Tuition Refund Policy

This enrollment agreement may be canceled within five calendar days after the date of signing provided that the school is notified of the cancellation in writing.

In the event of a cancellation, Commonwealth Coders & Cyber will refund all tuition paid pursuant to the enrollment agreement. The stated refund will be made no later than thirty days after written cancellation in accordance with Ohio Administrative Code 3332-1-10.

This provision shall not apply if the student has already started academic classes.

Tuition in full is due prior to the first day of class. Students are eligible for a complete tuition refund up to the end of Day 5 of classroom instruction, provided that Commonwealth Coders & Cyber is notified by the student in writing prior to the deadline.

On Day 6 of classroom instruction, students are committed to paying Phase 1 tuition in full; unless they are counseled out of the program due to poor performance. In the event of poor performance.

Upon completion of Phase 1, students have until the end of the first day of class in Phase 2 to withdraw from the program in writing for a full refund of Phase 2 and Phase 3 tuition. If students are counseled out due to poor performance, students will be refunded Phase 3 tuition.

Upon the completion of Phase 2, students have until the end of the first day of class in Phase 3 to withdraw in writing from the program for a refund of Phase 3 tuition.

Commonwealth Coders & Cyber will refund tuition in accordance with the aforementioned refund policy no later than thirty days after the student withdraws from the program.

■ VA Education Benefits Policy

Kable Academy in accordance with the Veterans Benefits and Transition Act of 2018 will not impose any penalty, including the assessment of late fees, the denial of access to classes, libraries or other institutional facilities, or the requirement that a Chapter 31 or Chapter 33 recipient borrow additional funds to cover the individual's inability to meet his or her financial obligations to the institution due to the delayed disbursement of a payment by the U.S. Department of Veteran Affairs.

This policy is limited to tuition funds paid by the U.S. Department of Veteran Affairs.

Do you have any questions on Veterans Benefits?

To talk with our VA Admissions Representative, please email helshamy@thekablegroup.com.

■ Academic Standards

APPLY NOW

Kable Academy programs are conducted using a pass/fail grading system.

The following criteria are used to determine a pass or fail grade for the program. These same criteria are utilized to identify students who may need to be removed from a Kable Academy program or flexed to an alternate learning path. This institution maintains physical and digital copies of student records, including grades and transcripts) for a minimum of 3 years.

Homework

- Students are expected to complete all assignments by the assigned due date.
- Students who do not deliver projects on time will be counseled by the lead instructor.
- The purpose of the counseling is to identify any obstacles or barriers to project completion or gaps in learning.
- Students will be retrained on any identified learning shortfalls and given an alternate project due date.
- Students who do not complete required projects and assignments by the end of each phase may be removed from the program.

Daily Evaluations

- Lead instructor will conduct daily student progress reports with teaching assistants to assess each student and their progress through the curriculum to identify those who are struggling to understand program concepts.
- Struggling students will receive extra attention, additional learning resources and one-on-one training with a TA or instructor.
- Students who consistently struggle but demonstrate a good attitude and work ethic would be our best candidates to flex into an alternative learning path.

Attitude

- Students are expected to be professional, polite, courteous and focused. Students who are disruptive, disrespectful and/or unprofessional may be asked to leave the program.

Attendance

- Student will be required to sign-in at the beginning of each class and maintain a 90% attendance rate.
- Misrepresentation of your attendance is considered a violation of your enrollment and you will be withdrawn from the program. Your dismissal due to misconduct will automatically disqualify you from any refund.
- Students unable to maintain a 90% attendance rate or who are habitually tardy, may be asked to withdraw from the program.
- Additionally, a 90% attendance minimum is required to graduate from program. If an unforeseen personal circumstance requires you to be late or miss a class, contact Kable Academy through instant messaging, email or phone call as soon as possible.
- Any missed class time, unless otherwise approved in writing by the lead instructor, is considered an absence.

Quizzes

- Quizzes will be given at least 2-3 times a week to evaluate student comprehension of subject matter.
- Students who struggle with quizzes but show good work-ethic and attitude may be encouraged to flex to an alternative learning program.

Self-Evaluate

- At the end of the third week of training, students will be asked to evaluate their progress through Phase 1 of the program.
- In consultation with the lead instructor, students may elect to pursue an alternate learning program option.

APPLY NOW

■ Institutional Approvals & Instructor Qualifications

Kable Academy maintains high educational standards with qualified instructors, state-approved programs, and compliance with licensing and employment requirements.

Instructor & Administrator Qualifications

- Kable Academy ensures that all directors, administrators, and instructors possess the necessary educational and professional qualifications to deliver high-quality education. Our faculty includes industry professionals with extensive experience in their respective fields, along with relevant certifications and training credentials.
- The Ohio State Board of Career Colleges and Schools has approved Kable Academy's programs, verifying that our institution meets the necessary qualifications and standards for postsecondary education.

Employment Requirements for Regulated Occupations

- For programs that lead to careers requiring state licensure or certification, Kable Academy adheres to all Ohio State Board of Career Colleges and Schools regulations.
- Our Certificate of Registration and Program Authorization List confirm that our curriculum aligns with Ohio's employment and industry standards.
- Students should verify specific licensing requirements for their intended careers, as some industries may require additional exams or credentials beyond Kable Academy's coursework.

Licensure/Certification Requirements

- Kable Academy is approved by the Ohio State Board of Career Colleges and Schools to offer postsecondary education programs. This approval ensures that our programs meet all required state standards.
- Approval Statement:
 - Kable Academy (Cincinnati) is officially recognized under Ohio Revised Code Chapter 3332 and holds a Certificate of Registration, granting authorization to offer and solicit students for approved educational programs in the State of Ohio.
- Students enrolling in programs that prepare for industry certifications or licensure should consult with Career Services to ensure compliance with any additional state or national certification requirements.

■ Graduation Requirements

To successfully graduate from Kable Academy, students must meet the following academic, attendance, and career readiness criteria:

Academic Performance

Maintain a minimum average of 60% or higher on all assignments and quizzes.
All assignments and quizzes must be submitted on time.
Late submissions will receive a 5-point deduction per day.
Students who miss more than 4 assignments/quizzes may be subject to dismissal.

Attendance & Participation

Maintain at least 90% overall attendance.
Cameras must remain on and pointed at the student during class.
Camera off = marked absent.
Three (3) tardies will be counted as one absence.
Full participation is required in the following:

- Presentations, workshops, labs
- Lunch & Learns
- Keynote speakers

Career Readiness

Meet with Career Services at least once during each 4-week track.
Submit a completed resume & have an active LinkedIn profile.

Grading System:

A - 91-100

B - 81-90

C - 71-80

D - 60-70

F - <59

■ Academic Probation, Suspension, & Reentrance Policies (12-Week Program)

Academic Probation

Students may be placed on academic probation at any point during the 12-week program if they:

- Drop below a 60% average on quizzes or assignments,
- Accrue more than 2 unexcused absences,
- Miss 3 or more assignments/quizzes without valid extensions,
- Or consistently fail to engage (e.g., camera off, late, or disengaged).

Probation is not punitive, but a structured support period intended to help the student succeed.

- Duration: Typically lasts 1 week (5 class days).
- Support Plan: Students will receive a personalized remediation plan that may include tutoring, one-on-one sessions with a TA/instructor, and mandatory check-ins.
- Progress Review: At the end of the week, instructors will assess whether sufficient progress has been made.

If no improvement is observed, students may move to suspension or be recommended for dismissal.

Suspension

Students may be suspended from the program under the following conditions:

- No improvement after 1 week on academic probation.
- Accumulated 4 or more absences (without prior written approval).
- Disregard of behavioral expectations or refusal to follow a remediation plan.
- Repeated academic disengagement, such as incomplete assignments or refusal of feedback.

Suspension Duration: 2–5 class days, depending on the case. Students will not be allowed to participate in class activities during this time. They may be required to complete missed coursework and reengage with Career Services to return.

Reentrance Policy

Students who have been suspended or have voluntarily withdrawn may petition to rejoin a future cohort. Reentrance eligibility is based on:

1. Submission of a written request describing the reason for withdrawal/dismissal and how the student plans to succeed if reaccepted.
2. Reentry interview with the Admissions and Instruction teams.
3. Demonstration of readiness, which may include reassessment or skill check.

Kable Academy reserves the right to deny reentry if the student's prior conduct or performance indicates they are not yet ready for program success.

■ Student Conduct & Dismissal Policy

Kable Academy is committed to providing a safe, respectful, and inclusive learning environment for all students. All students are expected to behave professionally and courteously at all times, both in and out of the classroom, including during virtual instruction and school-sponsored activities.

Expected Student Conduct

Students are required to:

- Treat instructors, staff, guests, and peers with respect and professionalism.
- Engage fully in the learning process, including keeping cameras on during class and participating in required events.
- Refrain from disruptive behavior, harassment, bullying, or discrimination of any kind.
- Follow all attendance, academic, and behavioral policies as outlined in their enrollment agreement and student handbook.

Zero Tolerance for Harassment & Bullying

Kable Academy maintains a zero-tolerance policy for harassment, discrimination, and bullying. This includes:

- Unwanted touching, offensive jokes or gestures, slurs, or threats.
- Bullying through verbal, physical, relational, or digital means.
- Behavior that creates a hostile or unsafe learning environment.

All reported incidents are investigated promptly and confidentially. Students found in violation may be immediately dismissed and forfeit any tuition paid.

Conditions for Dismissal

Students may be dismissed from the program for:

- Repeated academic or attendance violations.
- Failure to follow the code of conduct after warnings or probation.
- Harassment, bullying, or any other violation of safety and respect standards.
- Falsifying attendance or academic records.
- Engaging in behavior that disrupts the learning experience of others.

Dismissals due to misconduct are not eligible for tuition refunds, per the terms of the enrollment agreement.

■ Complaint & Grievance Procedures

All student complaints should be first directed to the school personnel involved. If no resolution is forthcoming, a written complaint shall be submitted to the director of the school.

Whether or not the problem or complaint has been resolved to his/her/their satisfaction by the school, the student may direct any problem or complaint to:

**Executive Director, State Board
of Career Colleges and Schools**

**30 East Broad Street, Suite 2481
Columbus, OH 43215**

**Phone (614) 466-2752
Toll Free 1-877-275-4219**

Filing a complaint with the KCPE

**** Students that live in the State of Kentucky please be notified of the Student Protection Fund and the filing process.**

Existence of the Kentucky Student Protection Fund

Pursuant to KRS 165A.450 All licensed schools, resident, and nonresident, shall be required to contribute to a student protection fund. The fund shall be used reimburse eligible Kentucky students, to pay off debts, including refunds to students enrolled or on leave of absence by not being enrolled for one (1) academic year or less from the school at the time of the closing, incurred due to the closing of a school, discontinuance of a program, loss of license, or loss of accreditation by a school program.

Process for Filing a Claim Against the Student Protection Fund.

To file a claim against the Kentucky Student Protection Fund, each person filing must submit a signed and completed Form for Claims Against the Student Protection Fund, Form PE-38, 2017 and provide the requested information to the following address:

**Kentucky Commission on Proprietary Education
500 Mero Street, 4th Floor
Frankfort, KY 40601**

The form can be found on the website at <http://www.kcpe.ky.gov/>.

Filing a Complaint with the Kentucky Commission on Proprietary Education

To file a complaint with the Kentucky Commission on Proprietary Education, a complaint shall be in writing and shall be filed on Form PE-24, 2017 Form to File a Complaint, accompanied, if applicable, by Form PE-25, Authorization for Release of Student Records. The form may be mailed to the following address:

**Kentucky Commission on Proprietary Education
500 Mero Street, 4th floor
Frankfort, Kentucky 40601**

The form can be found on the website at <http://www.kcpe.ky.gov/>.

Course Offerings

Cybersecurity

12/24 Week Immersive Program

Length

600 Total Course Hours 60 Classroom Days
 Full Time - 9am-5pm, M-F, except on published holidays
 Part Time - 6pm-9pm, M-Th, except on published holidays

Prerequisite

4 hours of pre-work required before starting the program.

Course Requirements

Attendance

Daily with a 90% in-class attendance requirement
 60% or higher on all classwork, quizzes, and test.

Computer

You will need to bring your own computer with you to this program. Please consult with a Kable Academy rep for hardware specifications and needed software.

Cybersecurity focuses on using integration for business solutions and the application of essential tech. The Kable Academy 3-phase course focuses on the core concepts and the basic principles of Cybersecurity. In the first phase, IT Support, students are taught about the ins and outs of a computer, how to take a computer apart, repair, and rebuild to make it function properly again. With this our students can troubleshoot issues with software and hardware. Then they move on to Phase 2, Network Support, that entails students are taught how to make computers, servers, and networks all communicate. Our student learn about the networking process, he differences between networking wires, how to create networking wires, and how to install a networking system. In Phase 3, Security Support, our students put the first two phases together and learn the fundamentals of security such as, analyze and interpret output from security technologies, purpose for frameworks, implement secure system design, differences od basic MS Window OS security settings, basic concepts of forensics, disaster recovery and continuity of operations. This 12- or 24-weeks course prepares student for CompTIA IT Fundamentals, A+, Network + or Security + certifications.

Tuition Amount

Total Cost

\$12,500

*Tuition payment in full is due prior to the first day of class

Program Curriculum

APPLY NOW

Phase 1: IT Support

WEEK 1	Install & Configure	Learn to install and configure laptop hardware components.
	Mobile Devices	Learn the characteristics of various mobile devices.
	Connections & Ports	Learn to connect and configure mobile device accessories and ports.
	Mobile Device Connectivity	Configure basic mobile device network connectivity and application support.
	Mobile Device Synchronization	Learn methods to perform mobile device synchronization.
	TCP & UDP	Learn the difference between TCP and UDP ports, protocols and purposes.
	Network Hardware	Learn common networking hardware devices.
	SOHO Network	Learn to install and configure a basic wired and wireless SOHO network.
	Network Host	Learn the properties and purposes of service provided by network host.
	Network Configurations	Learn common network configuration concepts and features.
	Cable & Connector Types	Learn the basic cable types, features and purpose and their associated connectors
	WEEK 2	RAM Installation
Storage Devices		Learn to select, install and configure various storage devices.
Motherboards & CPUs		Learn to install motherboards, CPUs and add-on cards to a device.
Peripherals		Learn the purposes and uses of various peripheral types.
Power Supply		Learn to install various types of RAM.
Devices & Printers		Learn to the concepts of common devices and configure SOHO multifunctional devices/printers and settings.
Cloud Computing		Learn the concepts of cloud computing.
Client-Side Virtualization		Learn to set up and configure client-side virtualization.
Basic Troubleshooting		Learn the best practices and methodologies to resolve common problems.
Motherboard CPU, RAM and Power Supply Troubleshooting		Learn specific techniques for troubleshooting motherboards, CPUs, RAM and Power Supplies.
Troubleshooting Hard drives and RAID Arrays	Learn specific techniques to troubleshoot hard drives and RAIDs.	
Video & Display Troubleshooting	Learn to troubleshoot video, projectors and display issues.	

Program Curriculum (Con't)

APPLY NOW

WEEK 2 (CONT.)	Troubleshooting Mobile Devices	Learn to troubleshoot common mobile device issues and apply the appropriate procedure.
	Common Operating Systems	Learn common operating system types and their purposes.
	Microsoft Windows	Learn the differences between various version of Microsoft Windows.
	OS Installation	Understand the concepts of OS installation and upgrade methods.
	Command Lines	Learn the use of Microsoft command line tools.
	Control Panel	Learn the functionality of the Microsoft Windows Control Panel.
	MS Networking	Learn to configure Microsoft Windows networking on a client/desktop.
	Mac iOS	Learn the features and tools of Mac iOS.
	Linux	Learn the features of a Linux client/desktop operating system.
WEEK 3	Logical Security	Learn the concepts of logical security.
	Wireless Security	Learn about wireless security protocols and authentication methods.
	Malware	Learn to detect, remove and prevent malware using the appropriate tools and methods.
	Threats	Learn the concepts of social engineering, threats and vulnerabilities.
	MS Windows Security	Learn the differences of basic MS Windows OS security settings.
	Workstation Security	Learn to implement the best security practices for workstations.
	Mobile Security	Learn to implement the best security practices for mobile devices.
	Data Disposal	Learn to implement the appropriate date destruction and disposal methods.
	SOHO Security	Learn to configure security on SOHO wired and wireless networks.
	MS Windows OS	Learn to troubleshoot common issues on MS Windows
Security Practices & Documentation	Learn the best practices associated with appropriate incident documentation.	
WEEK 4	Disaster Recovery	Learn to implement the basic disaster prevention and recovery methods.
	Environmental Controls	Learn the impact of the environment on devices and networks & how to apply the appropriate control measures
	Network Misuse	Learn the process of addressing prohibited content and activities.
	Policies	Learn the policies on user privacy and software licensing.
	Remote Access	Learn to use remote access technologies.

Phase 2: Network Support

WEEK 5	Networking Ports & Protocols	Learn the purposes and uses of ports and protocols.
	OSI Models	Build an understanding of the OSI layers of devices, applications, protocols and services.
	Routing & Switching	Learn the concepts and characteristics of routing and switching.
	IP Address Components	Learn to configure the appropriate IP address components.
	Network Topologies	Compare and contrast the characteristics of network topologies, types and technologies.
	Wireless Configuration	Learn to implement the appropriate wireless technologies and configurations.
	Cloud Concepts	Learn the foundations of cloud computing and its protocols.
WEEK 6	Network Services	Learn the functions of network services and their purpose.
	Cabling	Learn the basics of deploying the appropriate cabling solution.
	Placement of Network Devices	Learn the appropriate placement of network devices on a network and how to install and configure them
	Advanced Network Devices	Learn the appropriate placement of network devices on a network and how to install and configure them
WEEK 7	Virtualization	Learn purpose of virtualization and network storage technologies.
	WAN	Compare and contrast different WAN technologies.
	Network Documents & Diagrams	Create the appropriate documentation and diagrams to manage a network.
	Disaster Recovery Concepts	Compare and contrast business continuity and disaster recovery concepts.
	Scanning, Monitoring, & Patching Process	Learn the common scanning, monitoring and patching processes and summarize their expected outputs.
	Remote Access Methods	Learn the purpose and use of remote access methods.
	Policies & Best Practices	Identify the best cybersecurity policies and practices for your organization.
WEEK 8	Analyze Malware Indicators	Learn to analyze indicators of compromise and determine the type of malware.
	Types of Attacks	Compare and contrast different types of cyberattacks.
	Threat Vectors	Learn to identify various threat actors and their modus operandi.
	Penetration Testing Concepts	Learn the concepts of different types of penetration testing.
	Vulnerability Scanning Concepts	Learn the concepts and functionality of vulnerability scanning.
Types & Impacts of Vulnerabilities	Learn the impact associated with different types of cyber vulnerabilities.	

Program Curriculum (Con't)

Phase 3: Security Support

WEEK 9	Network Concepts	Learn to install and configure both hardwired and software-based network components, to support your organizations cyber security.
	Organizational Security	Learn to identify the appropriate software tools to assess the security posture of your organization.
	Common Security Issues	Learn to identify and troubleshoot common cyber security issues.
	Analyze & Interpret Output from Security Tools	Learn to analyze and interpret output from security technologies.
	Deploy Mobile Device Security	Learn to deploy and secure mobile devices.
	Implement Secure Protocols	Learn to implement security protocols.
	Secure Configuration Guides	Learn use cases and purposes for frameworks, along with best practices and secure configurations.
WEEK 10	Secure Network Architecture	Learn to develop and implement secure network architecture concepts.
	Secure System Design	Learn to implement secure systems design.
	Secure Staging Deployment Concepts	Learn the differences of basic MS Windows OS security settings.
	Embedded Systems	Learn the security implications of embedded systems.
	Application Development & Deployment	Learn to implement the best security practices for mobile devices.
	Cloud & Virtualization Concepts	Learn to implement the appropriate data destruction and disposal methods.
	Resiliency & Automation Strategies	Learn how resiliency and automation strategies reduce risk.

WEEK 11	Physical Security Controls	Learn to importance of proper physical security controls and how to implement them.
	Identity & Access Management Concepts	Compare and contrast different types of cyberattacks.
	Identity & Access Services	Learn to install and configure identity and access control services.
	Identity & Access Management Controls	Learn implement identity access management controls.
	Common Account Management Practices	Learn to differentiate between common account management practices.
	Policies, Plans, Procedures for Organizations	Learn to importance of policies, plans, and procedures related to organizational security.
	Business Impact Analysis Concepts	Learn to install and configure both hardwired and software-based network components, to support your organizations cyber security.
WEEK 12	Risk Management Process & Concepts	Learn the concepts the risk management process.
	Incident Response Procedures	Learn to develop and implement incident response procedures.
	Basic Concepts of Forensics	Learn the basic concepts of cybersecurity forensics and how to analyze them.
	Disaster Recovery & Continuity of Operations	Learn the concepts of disaster recovery and the continuity of operations.
	Types of Controls	Learn to compare and contrast various types of cybersecurity control tools.
	Data Security & Privacy Practices	Learn to implement organizational data security and privacy practices.
	Basic Concepts of Cryptography	Learn the basic concepts of cryptography and its purpose.
Basic Cryptography Algorithms	Learn cryptography algorithms and their basic characteristics.	
Wireless Security	Learn to install and configure wireless security settings for optimal performance.	
Public Key Infrastructure	Learn to properly implement public key infrastructure.
